

A fantasy journey through great mythologies, Loki allows the player to take on the role of one of the game's four heroes. , each of which is taken from . During the game, the player must face many different opponents, and each of them has different characteristics. The player also receives bonuses that can help in the fight against these opponents. The game ends at the end of the game when the enemies are defeated. All enemies have a different fighting style and the player must find the right method to deal with each of them. The game also has weapons that allow you to defeat enemies. In addition, the player can use magic to help with this task.
